Traditional Terry Towelling Squares - why re-invent the wheel!

Terry Squares are still the best when it comes to cloth nappying. Terries are low cost, easy to wash and quick to dry. They can be folded to size, so are guaranteed to fit any baby, unlike modern cloth nappies.

MuslinZ Terry Squares are made of a 50% cotton and 50% bamboo mix.

Bamboo gives a soft silky feel and added absorbency whilst the cotton ensures a robust fabric for washing. 50cm sizing is the perfect size for use on newborns as the smaller size gives a lovely trim fit. This size can also be used to be padfolded into a modern nappy cover or pocket or it can also be used as booster. 60cm sizing is the most commonly used and is considered to be the birth to potty size.

70cm sizing is for toddlers or larger babies who need a little extra. This size also makes a wonderful baby towel. Available in packs of 6 or 12.
